**Subject:** Consultation on the future of the Justice of the Peace Education Trust

---

The Trustees of the Justice of the Peace Education Trust (The Trust) are pleased to forward a consultation document on the future of the Trust for your Associations' consideration.

Although there is no requirement to consult any other party about managing the Trust, the Trustees now invite feedback about the future of the Trust

The future of the Trust has been a subject of discussion at Royal Federation conferences in 2016 and 2017. With no purposeful activity in meeting the objects of the Trust since 2015 and minimal growth in the Trust funds, the consultation document has been prepared for the purposes of formally considering the future of the Trust.

Opportunity will exist at the Regional Conferences for associations to discuss and provide feedback. Any further feedback will be required to be with the Trustees via the Secretary of the Trust (RFNZJA National Manager, Tony Pugh) before 30<sup>th</sup> October 2019 to allow Trustees to consider it at the Trust meeting on 20<sup>th</sup> November 2019.

We look forward to your feedback.
